DECLARATION OF RESTRICTIONS, LIMITATIONS, CONDITIONS AND AGREEMENTS

This DECLARATION is made and dated this 15th day of December, 1978, by MILTON H. BEVIS, TRUSTEE, whose Post Office address is P. O. Box 3755, Indialantic, Florida 32903, hereinafter referred to as the Subdivider, his successors or assigns.

WITNESSETH:

WHEREAS, the undersigned, MILTON H. BEVIS, TRUSTEE, is the owner in fee simple of a tract of land legally described as follows:

SEE EXHIBIT "A"

WHEREAS, the said Owner is desirous of placing certain covenants and restrictions upon the use of the aforementioned property, said covenants and restrictions are to run with the title to said Lots,

NOW, THEREFORE, in consideration of the acceptance hereof by the several purchasers and grantees (his, her, their or its heirs, executors, administrators, personal representatives, successors and assigns, and all persons or concerns claiming by, through or under such grantees) of deeds to lots in said tract of land, said MILTON H. BEVIS, TRUSTEE, hereby declares to and agrees with each and every person who shall be or who shall become owner of any of said lots that said lots, in addition to the ordinances of the City of Palm Bay and the County of Brevard, Florida shall be and are hereby bound by the covenants set forth in these presents and that the property described in these restrictions shall be held and enjoyed subject to and with the benefit and advantage of the following restrictions, limitations, conditions and agreements, to-wit:

1. DURATION OF RESTRICTIONS: These covenants are to run with the land and shall be binding on all parties and all persons claiming under them until December 1, 2008, at which time said covenants shall be automatically extended for successive periods of ten years unless by vote of a majority of the then owners of the lots, it is agreed to change said covenants in whole or part.
2. INVALIDITY: Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.
3. CONTROL: For the purpose of insuring the development of the lands replatted as TURKEY CREEK, as an area of high standards, the owner, MILTON H. BEVIS, TRUSTEE, his successors or assigns, reserves the power to control the buildings, structures and other improvements placed on each lot.
4. APPROVAL BY DEVELOPER: For the purposes of further insuring development of the lands in the subdivision as a residential area of high standard, the Subdivider reserves the right to control the buildings and structures placed on each lot.

Whether or not provision therefor is specifically stated in any conveyance of record made by the Subdivider, the owner or occupant of each and every lot, by acceptance of title thereto or by taking possession thereof, covenants and agrees that no building, wall, swimming pool, boat-house, deck, pier, piling, aerial antenna or other structure shall be placed upon said lot unless and until two sets of building plans, two sets of building specifications and two copies of the plot plan have been submitted and have been approved in writing by the Subdivider, his successors or assigns. Each such building, wall, swimming pool, boathouse, deck, pier, piling, aerial antenna or other structure shall be placed on the premises only in accordance with the plans and specifications and plot so approved. Refusal of approval of plans and specifications by the Subdivider may be based upon any ground, including purely esthetic grounds which in the sole and uncontrolled discretion of the Subdivider shall be deemed sufficient. No alteration in the exterior appearance of the building or structures shall be made without like approval.

The Subdivider herein reserves the right to organize and designate a Home Owners Improvement Association to act for said Subdivider in the approval or rejection of said plans and for the enforcement of these restrictions, and said Association shall have all power and authority as reserved to the Subdivider for the administration and carrying out of these reservations and restrictions. Should the Subdivider elect to organize and designate a Home Owners Improvement Association to act on behalf of the Subdivider, said designation and authorization shall be done in writing by an instrument equal in dignity to this Declaration of Restrictions, Limitations, Conditions and Agreements.

Should the Subdivider, his successors or assigns, fail to approve or disapprove the plans and specifications submitted to him by the owner of a lot or lots within the subdivision within sixty (60) days after written request therefor, then such approval shall not be required, provided, however, that no building or other structure shall be erected or be allowed to remain on any lot which violates any of the covenants or restrictions herein contained.

5. RESIDENTIAL USE: All lots in the subdivision shall be known and described as residential lots. No structure shall be erected, altered, placed or permitted to remain on any residential building lot other than one, detached, single family dwelling not to exceed twenty-five (25) feet in height and a private enclosed garage for not less than two (2), nor more than four (4) cars, servants quarters, and a storage room, or tool room attached to the ground floor of such garage. All dwellings must face the front of the lot. No garage, servants quarters, tool or storage room, etc., may be constructed separate and apart from the residential dwelling. All garage doors shall be required to have automatic openers. Fiberglass doors and those of lesser quality will not be permitted. All driveways shall be constructed with an asphaltic or concrete type surfacing.

6. SET BACK RESTRICTIONS: No building or structure shall be erected upon any lot so that any part of said building or structure shall be closer to any boundary line of said premises than herein specifically set forth, to-wit:

<u>Lots</u>	<u>Front</u>	<u>Corner</u>	<u>Side</u>	<u>Rear</u>
All lots in Subdivision	25 feet	15 feet	10 feet	25 feet

Eaves, roofs, unroofed terraces, or other projections may be erected nearer the front, side and rear setback lines herein established, but in no event shall eaves, roofs, unroofed terraces and other projections extend more than three (3) feet into the minimum front, side and rear setback lines. Where there are two or more lots acquired as a single building site, the side lot lines shall refer only to the lot lines bordering the adjoining and adjacent property.

7. SWIMMING POOLS: The construction and use of swimming pools having an elevation of not exceeding four (4) feet above normal grade are permitted, provided that the outside edge of any pool wall shall not be nearer than four (4) feet to the side lines of the house extended to the rear lot line. No screening of a pool area may extend beyond a line extended and aligned with the side walls of the house. In cases where the back yard surrounding a pool is not fenced, the pool itself must be enclosed with a fence or other suitable enclosure. Prior to the construction of said fence, approval of fence design shall be obtained from the Subdivider, his successors, or assigns.

8. TRAILERS PROHIBITED: No unlicensed, or non-operative motor vehicle may be parked on any lot at any time. No commercial vehicle, truck, bus or similar vehicle shall be parked on any lot except when rendering a service or making a delivery. Nor shall any motor vehicle be parked overnight in the public right of way. Special vehicles, boats and boat trailers, or campers of any type including but not limited to either self-propelled or towed, shall be parked off the driveway to the rear of the lot and shall be screened from view from the street by fence or shrubs. No major recreational equipment shall be parked or stored on any lot except in an enclosed building or to the rear of the front building line. No such equipment shall

be used for living, sleeping or housekeeping purposes when parked or stored on any lot.

9. **SIGNS:** No sign of any character shall be displayed on any lot without first obtaining the prior written approval of the Subdivider, or Property Owners Association.

10. **MINIMUM SIZE OF RESIDENCE:** No residence shall be erected on any lot containing a floor area of less than 1600 square feet of actual living area. The method of determining the square foot area of proposed buildings, structures or additions or alterations on existing buildings, shall be by multiplying the outside horizontal dimensions of the buildings or structures at each floor level. Garages, unglazed porches, patios and terraces shall not be taken into account in calculating the square footage. Each residential building must be provided with an attached or detached garage in keeping with the architectural design of said building. No carports shall be allowed.

11. **REGULATION OF WALLS AND FENCES:** No boundary wall, fence or hedge of any type or height shall be erected on any lot without first obtaining the written approval of the subdivider, his successors and/or assigns, as to the type, size, location and height and materials to be used, and in no event shall any wall, fence or hedge be constructed or maintained with a height of more than six (6) feet.

12. **NO SUBDIVISION OF LOTS:** No lot as shown on the plat shall be subdivided except that a lot between two (2) other lots may be subdivided to increase the size of such lots, and such lots of increased size shall each remain as one building site.

13. **NUISANCES:** Nothing shall be done on any lot which may be or become an annoyance or nuisance to the neighborhood. No horses, cattle, swine, goats, poultry or fowl shall be kept on any lot. Household pets shall not exceed three (3) in number and shall not be bred for commercial purposes, nor allowed to run loose on the streets. Clotheslines shall be located to the rear of the lot or the side away from a side street. In all instances, said clotheslines shall be screened from view of the adjoining lots and streets. Garbage cans, fuel oil tanks, other storage tanks, swimming pool filters, etc., shall be of the underground type or completely concealed by hedges, lattice work, or screening acceptable to the subdivider. They must be placed to the rear of the building. No air conditioning units either central or wall units shall be placed or located so as to be visible from any street.

14. **WASTE:** No lots shall be used or maintained as a dumping ground for rubbish, trash or other waste. All trash, garbage and other waste shall be kept in sanitary containers underground, or located within a masonry walled enclosure or screened with hedges, shrubs or by other suitable means.

15. **EASEMENTS:** Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the plat of TURKEY CREEK. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage swales in the easements, or which may obstruct or retard the flow of water through drainage swales in the easements, or which are or might be prohibited by the public authority to whom said easement is given. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible.

16. **ROOFS:** Unless otherwise approved in advance by the Subdivider, all roofs shall be pitched and composed of either tile, slate, asbestos shingle, cedar shake shingle, or simulated shake shingle or asphalt construction, provided said shingle is minimum 300 pound per 100 square feet of roof. OFFER
RECS 1985 PAGE 120

17. **RIGHT OF WAY:** No lot owner shall grant any easement for ingress or egress to any adjoining lot owner or adjoining property owner without the express written permission of the subdivider.

18. **MAINTENANCE OF UNIMPROVED PROPERTY:** All purchasers of lots located within the subdivision agree to maintain and keep trim said lot or lots so that the appearance of such unimproved areas shall be neat and orderly. In the event any lot is not so maintained, then the subdivider, his successors and/or assigns shall have the right to enter upon said lot for the purpose of maintaining said lot. All expenses thereof shall be charged to and paid by the owner of said lot.

19. **GAME AND PLAY APPARATUS:** All basketball backboards and any other fixed game and play apparatus shall be located at the rear of the dwelling or in no case closer to the front than the rear side of the driveway.

20. **SOD AND TREES:** All lots shall be sodded including the area reserved for the right of way to the rear lot line of the house. No sod or top soil shall be removed from the land without approval of the Subdivider.

It shall be required of every lot owner that there be a minimum of four (4) trees to each lot being no less than ten (10) feet high or less than four (4) inches in diameter.

21. **MAINTENANCE:** Subdivider is to have strict control over the plantings permitted within the right of way. No shrubs shall be allowed, only trees shall be permitted, and the type and spacing shall be specified by the Subdivider. Each lot owner shall be responsible for the maintenance of the right-of-way.

22. **SPRINKLING SYSTEMS:** All lots shall be required to have an underground sprinkling system including that area in the right-of-way. Deep wells shall be to the rear of the building and properly screened or enclosed.

23. **PROPERTY OWNERS ASSOCIATION:** It is the intent of the Subdivider to form a Property Owners Association for the purpose hereinabove stated and those set forth herein. Membership in this Association, whether corporate or otherwise, shall be mandatory for all property owners in the Subdivision. In addition to the purposes hereinabove set forth, the Property Owners Association shall be responsible for maintaining the street lights in the Subdivision and for paying the electrical charges for said lights and those contained in the entrance way approach and shall also be responsible for the maintenance of the entrance way and any common area located within said subdivision. In this connection, each property owner agrees to pay a proportionate part for the costs thereof upon demand by the Association.

24. **REMEDIES FOR VIOLATIONS:** For a violation or a breach of any of these restrictions by any person claiming by, through, or under the owner, or by virtue of any judicial proceedings, the owner, MILTON H. DEVIS, TRUSTEE, or the lot owners, or any of them severally shall have the right to proceed at law or in equity to compel a compliance with the terms hereof, or to prevent the violation or breach of any of them. The failure promptly to enforce any of the restrictions shall not bar their enforcement. The invalidation of any one or more of the restrictions by any court of competent jurisdiction in no wise shall affect any of the other restrictions, but they shall remain in full force and effect.

ARTICLE II
NOTICE OF DECLARATION ENFORCEMENT POLICY

Section 1. PURPOSE. The purpose of this Corporate Resolution is to set forth in greater detail the now existing agreements, compromises, decisions, determinations, rulings, interruptions, and modifications concerning the Declarations made by the Board of Directors of the Association as they have discharged the duties outlined in those Declarations since the founding of the Association.

BK3054:62482

PAGE 4 OF 10

Section 2. BACKGROUND. This Corporate Resolution is made to document in proper format the clarifications of several portions of the Declarations, which when now applied are vague, and difficult to determine the exact meaning or intent. To that end, every duly elected Board of Directors of the Association has faced issues which arise repeatedly. There has been a diligent effort made to make consistent decisions on these matters and to record them in the official minutes of the many meetings of the Board of Directors. However, the volume and size of the records makes it impractical for all concerned to access those decisions rapidly for review.

Each of the decisions to be recited in the sections below is based on official policy of the Board of Directors of the Association, having been reviewed by the Architectural Control Committee, and has been applied on a consistent basis. In many cases, the issue has become common convention among all Association Members, and is a recognition of the common, shared values of the Owners.

It is the policy of the Board of Directors that Declaration enforcement will be done in such a manner as to preserve, protect, and enhance the value of the subdivision properties as an Association, regarding the good of the whole as greater than that of the singular.

Section 3. RESOLUTION OF DECLARATION ENFORCEMENT POLICY. The Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC. having considered the matter of Declaration enforcement policy for the said subdivision, on the 10th day of July 1990, A.D., upon the presence of a valid motion, and qualified second, and an unanimous affirmative vote of the full Board of Directors meeting in a regular duly called session with full corporate authority, does hereby proclaim:

R E S O L U T I O N

BE IT RESOLVED, by the Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that the Turkey Creek Subdivision Declaration of Restrictions, Limitations, Conditions, and Agreements, allows for enforcement of the Declarations by the Property Owners Association, provided that said enforcement is in full compliance with the Declarations, and:

BE IT RESOLVED, by the Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that The Association is in full name, deed, and act the said Property Owners Association as referred to in the Declarations, and;

BK 3054-62483

PAGE 5 OF 10

BE IT RESOLVED, by the Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that it is a Florida Not-for-Profit Corporation, empowered to represent the homeowners of the Turkey Creek Subdivision in the City of Palm Bay, Florida, and;

BE IT RESOLVED, by the Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that enforcement of the Declarations includes the approval of all construction activity upon the Lots, as provided for in the Declarations, and;

BE IT RESOLVED, by the Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that such enforcement does require determinations to be made from time to time of the exact meaning and intent of the Declarations, and;

BE IT RESOLVED, by the Board of Directors of the TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., that proper operation of the Association now requires formalization of those said determinations which have been made heretofore by said Board of Directors, and;

NOW, THEREFORE, The Board of Directors of THE TURKEY CREEK HOMEOWNERS ASSOCIATION, INC., does hereby declare formally the following to be the true, accurate, and well applied determinations made of the Declarations:

(1) Building heights shall be measured from the first floor (concrete slab), at ground level entry from the street, to the top of each roof peak. The average of these "heights" shall be the "building height". The height shall be consistent with any determination made by the City of Palm Bay, Florida.

(2) No fixed, operational equipment associated with the residence of any kind shall be visible from a vehicle traveling past the residential structure on any adjoining street. Such equipment must be screened by permanent fencing, or other type cover. Cover consisting of living plants, tress, shrubs, or the like is not considered enduring in character. This shall be referred to as the "street view" standard of screening.

(3) Antennae erected on any Lot shall be divided into three groups:
a) Satellite Dish Antenna
The antenna shall be of the so called "Black Beauty", closed mesh variety, and completely screened from street view as would be any other type of equipment.
Installation of these structures shall require an Association variance (permit) in all cases.

BK3094762484

- b) Ground Mounted Antenna (use if tower structure)
The antenna shall be securely anchored to the residence, and retracted when not in use (if retractable), and maintained to minimize rust for structural and aesthetic purposes. The full height, at retraction shall not exceed ten (10) feet above the building height (at the roof peak). Installation of these structures shall require an Association variance (permit) in all cases.
- c) Roof Mounted Antenna
The antenna shall be no more than ten (10) feet in height above the building height (at the roof peak). Installations below this limit shall not require an Association variance (permit).

Any antenna which stands more than fifteen (15) feet above the roof peak of the residence must be retractable.

(4) Boats, trailers, RV's, and similar vehicles which are parked on the Lots, and can be seen from any street shall at all times require Association variances (permits) if they are kept in place longer than three (3) consecutive days. In no case may such a vehicle violate the City of Palm Bay Zoning Ordinances requiring the vehicle to be placed behind the front line of the residence.

(5) Signs measuring less than twenty-five (25) square feet in size of any kind in residence front lawns will be permitted in all cases, unless a formal complaint is received by the Board of Directors of the Association. Signs shall be in good taste, and not violate community standards of morality. Signs must be kept in good repair at all times. It is the policy of the Board of Directors of the Association that the rights of free speech, and the right to conduct commerce (reality signs) shall not be restricted, subject to generally accepted community standards of morality.

Signs of any kind, type or size are not allowed at any time on the erected structures comprising the Front Entrance complex of the Association at the corner of Mandarin Drive, NE and Troutman Boulevard, NE. Free standing signs such as, Realty, Open House, or Garage Sale, for the residents of the subdivision may be erected over a single weekend period (Friday to Monday) without an Association variance (permit).

In all cases, the Board of Directors, on behalf of the Association, reserves the right, at any time, to remove any sign what-so-ever, that is deemed to be socially, morally, ethically, religiously, or racially offensive.

PAGE 7 OF 10

(6) For any Association member who has applied to the City of Palm Bay for a variance to the established Zoning under the current Comprehensive Plan, contact shall also be made to the Association (Architectural Control Committee), and a formal written request to the Association shall be made, in parallel, which shall contain a complete copy of all materials furnished to the City of Palm Bay.

In all zoning cases which involve subdivision Lots, or adjacent to the subdivision, or affecting the subdivision, the Board of Directors, on behalf of the Association, shall enter a position response (written or verbal public presentation) to the zoning request, either before the Palm Bay Zoning Board, or the Palm Bay City Council. The response will reflect the vote of the Board of Directors.

In any matter concerning any Lot in the subdivision, or adjacent to the subdivision, or affecting the subdivision, before the Palm Bay Code Enforcement Board, the Board of Directors of the Association reserves the right to enter a formal position.

In those zoning variance matters within the subdivision which involves a Lot that may, if the variance is granted, violate the Declarations, the procedures of the Association Bylaws will be followed prior to a public response to the City of Palm Bay.

(7) Fences on any Lot in the subdivision are required to be made of wood, and not more than six (6) feet in height from the ground. All supports (uprights, stringers, bracing, etc.) must be "inside" the fence, that is, they must be on residence (not the street) side of the fence. Shadow-box type construction is preferred. Fences which are proposed to be in front of the front line of a residence shall be handled on a case-byu-case basis. Fences may not run across the property line.

amount of the Assessment as part of the judgement against the Lot. No Owner may waive, or otherwise escape liability for the Assessment by non-use of the Common Facilities, or abandonment of the Lot owned. The failure of the Association to take action at law shall not be deemed to be a waiver of any past or future rights to collect delinquent assessments.

Section 7. IMPLEMENTATION OF THE LIEN AND PERSONAL OBLIGATION ASSESSMENTS. Each Owner is deemed to constructively agree, as provided for in the Declarations to pay upon demand to the Association:

- (a) Annual Assessments, and

The Annual Assessment and Special Assessments, together with costs of collection, administration, filing, accounting, and reasonable attorney's fees, shall be a charge on the land, and shall be a continuing equity lien on the Lot against which each assessment is made. Unpaid assessments shall be deemed to be a defect in Title.

Title defects upon the Lot at time of closing shall not be cured unless and until all assessments due and payable are received, receipted, and funds released by the financial institution of the Association for those Lots delinquent at settlement.

ARTICLE IX FUNDS

Section 1. DEPOSITS. The funds for the Association shall be maintained in a bank chartered under the Federal Reserve System and having Federal Deposit Insurance.
